Did you know that YRC Freight has over 8,000 trucks in its fleet?

Trucks Deserve Our Appreciation and Awareness.

If anyone has ever been in doubt, we can clear it up right now: Driving a truck is a hard job. If you’ve ever doubted the need for large trucks on the road, you may now have a greater appreciation for their purpose and value.

If you've ever doubted the need for large trucks on the road, you may now have a greater appreciation for their purpose and value.

Today’s drivers must deal with the stresses of more traffic, congested and lead blockages that ever before. Making an effort to understand the challenges they face helps other drivers show empathy when sharing the road.

Although all truck drivers are professionally trained to be safe, it is the job of everyone on the road to be alert and aware when driving around large vehicles in order to avoid accidents. By making the choice to avoid bad driving habits, motorists are helping keep everyone on the road safe.

YRC Freight is reinvesting in our commitment to safety.

For the first time since 2009 YRC Freight is making a significant investment in new 2015 Volvo VNL trucks equipped with the latest safety technology.

For the first time since 2009 YRC Freight is making a significant investment in new 2015 Volvo VNL trucks equipped with the latest safety technology.

BE ALERT AND AWARE

Although all truck drivers are professionally trained to be safe, it is the job of everyone on the road to be alert and aware when driving around large vehicles in order to avoid accidents. By making the choice to avoid bad driving habits, motorists are helping keep everyone on the road safe.

Activities like speeding and texting while driving are dangerous choices that often lead to drastic consequences. By eliminating these dangerous activities, everyone can join our commitment to safety.

Our drivers have over 301,000,000 accident-free miles to prove it.

WE ARE COMMITTED TO WORLD-CLASS SAFETY

Thank you for your understanding and cooperation. We're all in this together.
